

Floor Stripper

FLOOR CARE

*Fast acting, super concentrated
water based stripper for floor finish*

DILUTION RATIO: 1:16 for 5 –15 coats

Altra Low Odor Floor Stripper is designed for use in acute facilities. Its low odor and low VOC chemistry is the best, most efficient option for areas frequented by patients and staff members. With a proprietary blend of chemistry, Altra Low Odor Floor Stripper ensures ease of dilution and emulsifies years of buildup in minutes, permitting corridors to reopen quickly.

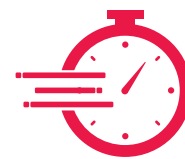

Altra Low Odor Floor Stripper dilutes at 1:16 for 5-15 coats.

Directions for use

(For use in COLD water)

Normal Duty Stripping:

Use 8 fl. oz./gallon water (64 ml/l), (1:16).

1. Wet floor with diluted solution. Allow to stand for 15 minutes.
2. Machine scrub.
3. Pick up solution. Do not allow to dry on floor.
4. Rinse floor at least twice with cold water.
5. After floor is thoroughly dry, apply finish.

Heavy Duty Stripping:

Use 16 fl. oz./gallon water (128 ml/l), (1:8).

1. Wet floor with diluted solution. Allow to stand for 10 minutes.

**Available Packaging: 8 × 1 Quart bottle
2 Gallon Mini Pac**
